

TUNE IN AND WATCH! Earth Focus 9

Productions 1000 is pleased to announce the launch of "Earth Focus 9" on Link TV (www.linktv.org) from Nov. 17-24, featuring the International Earth Forum, Beijing 2008.

"Earth Focus" is an environmental news magazine that puts a human face on environmental issues by featuring under-publicized stories about how environmental changes are affecting everyday people. Productions 1000 is partnering with "Earth Focus" on Link TV to develop new international content on environmental issues.

The latest episode of LinkTV's environmental magazine "Earth Focus 9" includes the following features:

- New legislation affecting sharks
- **The International Earth Forum in Beijing** and how China's "Green Brothers" are making "green" the new cool in China
- "Scarred Lands, Wounded Lives," a film about the environmental impacts of war
- Youth initiatives to address climate change on American campuses and in Congress
